## Safe YouTube.net - teachers and family friendly YouTube

<http://safeyoutube.net>

You may also be a parent worrying about your children when they watch YouTube videos as according to Kaspersky Lab: “Children can be as little as three-clicks away from adult content on YouTube”, so there is a need for a safe YouTube or a family friendly YouTube for your kids where you can let them watch videos without any other unrelated or offensive distractions, and in that case also, Safe YouTube will give you a much better experience than YouTube safety mode. Whoever you are and whatever your work or your interests may be, you will enjoy using our free service. Simply, put the URL of the YouTube video in the above text field, and enjoy watching and sharing a pure view of YouTube videos.
