A Message From Mr. Campagna

Dear Parent(s)/Guardian(s),

The Huskies are off and running at MCHS. Our start to the school year has been successful and we look forward to a great year with our students! Parents, guardians, and family members play a vital role in the education of our students. We encourage you to be active participants in this 2024-2025 school year.

A few procedural items to keep in mind as we start the school year.

1. Attendance - Students will either scan their ID cards or enter their ID number in the morning at one of the attendance stations at the front of the school.
2. Students must submit a note to the main office prior to leaving the building for all early dismissals. Notes may be submitted during their homeroom/first period class. Failure to provide a note prior to leaving the building for an early dismissal will result in disciplinary action from the office.
3. When writing excuses for absences, please make sure you put your child's full name and grade on the excuse. In addition, I want to remind you that you can email either assistant principal or me with your excuses. Our email addresses are as follows:
 - a. Mr. Campagna - ktc17@mcsdk12.org
 - b. Mrs. Ruble - jmg26@mcsdk12.org
 - c. Mr. Durn - amd05@mcsdk12.org

Please don't hesitate to call (717-242-0240) or email (ktc17@mcsdk12.org) if you have any questions or concerns.

Mobile Dentist Clinic

Parents & Guardians,

The dental clinic will be on a first come, first served basis. The mobile dentist will offer additional clinic days based on student need if necessary. The clinic is only able to serve 15 to 25 students per day.

Parents and guardians may review more information at MobileDentists.com

This program partners with licensed dentists, hygienists and dental assistants to provide the following services: complete oral examinations, cleanings, sealants, fluoride treatments, and x-rays. In most schools, restorative services such as fillings are also provided.

This program has been successful in improving student dental health in other MCS D schools. MCS D school nurses recognize that access to dental care in Mifflin County is difficult for many of its students.

Please contact Mrs. Grabill, MCHS School Nurse, for questions or additional information.

From the Nurse's Office

Dear Parents and Guardians,

As your student prepares for the final years of high school, please note the following PA Department of Health school health requirements:

11th Grade Physical Examination: The school nurse will accept a private physical examination completed during the student's sophomore year, a sports pre-participation physical, driver's license physical (DL-180 Form), or a private physical examination completed by the student's healthcare provider. Private Physician Physical forms can be picked up in the nurse's office or obtained on the MCSD website (Student/Parents > Nurses > Forms & Policies > Private Physician Physical Form). Submitted physicals should not be dated prior to September 1, 2022. Physicals should be submitted to the school nurse by May 15, 2025.

12th Grade Meningococcal Vaccination (MCV): Prior to the 2024-2025 school year, every student entering 12th grade must have one dose of the MCV (meningococcal vaccination) by the first day of 12th grade. **This dose is in addition to the one required for 7th grade and must be given after the student turns 16 years old. Students in the Alpha program are also required to obtain this immunization.** If the student is not compliant with or appropriately exempted prior to the start of their senior year, the student will be excluded from school until either compliance is documented or an appropriate exemption is submitted.

Please submit physical exam forms and immunization documentation to the school nurse.

Student Assistance Program (SAP)

The MCHS Student Assistance Program (SAP) Team is a group of professionals dedicated to helping to identify and assist students who may be struggling with life issues that are interfering with school performance. The SAP team consists of teachers, administrators, school counselors, social workers, nurses, and representatives from community agencies who have been specially trained to work with students and make appropriate referrals. This help is provided in a completely non-disciplinary way.

Based on the diverse needs of our students, this process may include an interview with a member of the SAP team, a counseling group, or individual counseling with the school-based therapist or social worker. Services may include academic support; behavior management; drug and alcohol education, prevention, assessment and treatment through Clear Concepts; anger management; mental health assessment through the Youth Advocate Program; conflict resolution, or involvement in community agencies. All SAP-related services are free and confidential. A parent or guardian must sign a permission for SAP services. Any student, parent, or teacher may make a referral. If you have concerns for a MCSD student in grades K-12, please contact an administrator, school counselor, or school nurse.

Dear Parents/Guardians,

In 2018, Act 158 was signed into law outlining state graduation requirements and the ways in which Keystone Exams factor into these requirements. State graduation requirements are effective for students in the Classes of 2023 and beyond. In order to graduate from high school, students must meet all local graduation requirements related to credits and coursework along with the state requirements outlined in Act 158. Students must meet one of Pennsylvania's five pathways outlined below to earn a diploma and demonstrate career and/or college readiness.

ACT 158 – State Graduation Pathways

For students graduating in 2023 and beyond, the following pathway options exist to meet state graduation requirements:

- **Keystone Proficiency Pathway:** Scoring proficient or advanced on all three Keystone Exams (Algebra I, Literature, and Biology)
- **Keystone Composite Pathway:** Earning a satisfactory three composite score (4452) on the Algebra I, Literature, and Biology Keystone Exams (while achieving at least one proficient/advanced score and no score of below basic on the remaining two) OR, earning a non-numeric Proficient on a Keystone Exam and attain a satisfactory composite score of 2939 on two of the three Keystone Exams (must score proficient on one of two exams and no less than basic on other one)
- **Alternate Assessment Pathway:** Successful completion of locally established, grade-based requirements for academic content areas associated with each Keystone Exam (i.e. passing final course grades in Algebra I, Biology, and English 10) and one of the following:
 - Attainment of an established score on an approved alternate assessment:
 - SAT (1010), PSAT (970), ACT (21), ASVAB (31)
 - Gold Level on the ACT WorkKeys Assessment
 - Attainment of 3 or better on an Advanced Placement Program exam in an academic content area associated with each Keystone Exam on which the student did not achieve at least a proficient score

- Successful completion of a concurrent enrollment course (college dual enrollment class) in an academic content area associated with each Keystone Exam in which the student did not achieve at least a proficient score
 - Successful completion of a pre-apprenticeship program
 - Acceptance in an accredited 4-year nonprofit institution of higher education and evidence of the ability to enroll in college-level coursework
- **Evidence Based Pathway:** Successful completion of locally established, grade-based requirements for academic content areas associated with each Keystone Exam (i.e., passing final course grades in Algebra I, Biology, and English 10) and demonstration of three pieces of evidence consistent with the student’s goals and career plans, including:
 - ONE or more of the following:
 - Attainment of 630 or better on any SAT Subject Area Test
 - Attainment of Silver Level on the ACT WorkKeys assessment
 - Attainment of 3 or better on any Advanced Placement Program Exam
 - Acceptance to an other-than-4-year Institution of Higher Education (IHE) for college-level coursework
 - Attainment of an industry-recognized credential
 - Successful completion of any concurrent enrollment or postsecondary course
 - And no more than TWO additional pieces of evidence from the following:
 - Satisfactory completion of a service-learning project
 - Attainment of a score of proficient or advanced on any Keystone Exam
 - Letter guaranteeing full-time employment or military enlistment
 - Successful completion of an internship or cooperative education program
 - Satisfactory compliance with the NCAA’s Division II academic requirements
- **Career and Technical Education Pathway:** Career and Technical Education (CTE) Concentrators (Mifflin County Academy of Science and Technology Students): Successful completion of locally established, grade-based requirements for academic content areas associated with each Keystone Exam (i.e., passing final course grades in Algebra I, Biology, and English 10) and ONE of the following:
 - Attainment of an industry-based competency certification
 - Demonstration of the high likelihood of success on an industry-based competency assessment
 - Readiness for continued engagement in the CTE Concentrator’s program of study

School counselors will be working closely with each student to review and help students decide which pathway is best to meet this state-wide graduation requirement.

Please do not hesitate to call the school and make an appointment to speak with your child’s counselor if you have questions about Act 158 and/or your student’s pathway to graduation.

Sincerely,

Kelly T. Campagna
Principal
