Husky Resources

Student Assistance Program (SAP)

The MCJH Student Assistance Program (SAP) Team is a group of professionals dedicated to helping to identify and assist students who may be struggling with life issues that are interfering with school performance. The SAP team consists of teachers, administrators, school counselors, social workers, nurses, and representatives from community agencies who have been specially trained to work with students and make appropriate referrals. This help is provided in a completely non disciplinary way. Based on the diverse needs of our students, this process may include an interview with a member of the SAP team, a counseling group, or individual counseling with the school-based therapist or social worker. Services may include academic support; behavior management; drug and alcohol education, prevention, assessment and treatment through Clear Concepts; anger management; mental health assessment through the Youth Advocate Program; conflict resolution, or involvement in community agencies. All SAP-related services are free and confidential. A parent or guardian must sign a permission for SAP services. Any student, parent, or teacher may make a referral. If you have concerns for a MCSD student in grades K12, please contact an administrator, school counselor, or school nurse.
